

KLC College:

Healthcare, Business, Education's Whitby Campus is Expanding

KLC College: Healthcare, Business, Education is expanding the programs offered at its Whitby Campus - two new career study programs Personal Support Worker (PSW) and Office Administration will be introduced starting in March, 2012. They will be offered in addition to the Educational Assistant program that has been offered since 2005.

"We at KLC College are really excited about the two new programs at our Whitby Campus," says KLC College President, Stephen Bartolini. "We will offer students the training and skills they need to succeed in their chosen career, taught by top instructors in the field."

KLC College intends to gradually bring to the Whitby Campus all of the training programs currently available at all other KLC College campuses over the next year or two.

KLC Provides Training in High Demand Fields

Labour market trends in Canada indicate a continued strong growth in Health Services and Personal Care sector. KLC College's Personal Support Worker program gives students instruction in this rapidly growing field, taught by top-rated and experienced Public Support instructors, including Registered Nurses and Registered Practical Nurses with experience in the healthcare field and experience instructing adults.

"It is my mission to provide students with the best learning opportunities by providing the best instructors in the PSW field and a stimulating learning environment through which students will master the skills and knowledge that will launch them on a rewarding and successful career path," says Audrey DeCecco, PSW Program Coordinator.

Like the PSW field, the Office Administration and Educational Assistant programs also continues to be in high demand. Office Administration and Educational

Assistant graduates will receive the best instruction by instructors who are the top in their fields giving them an edge in the job market.

"Deciding to go back to school was a tough decision for me to make," said Heather W. "Then I discovered KLC College -the staff are all so helpful and they do care about seeing their students succeed. I was able to take the Personal Support Worker program part time. They have provided me with the education and skills that I needed to move forward in my life. I recommend KLC to anyone thinking of returning to school."

KLC College, a Leading Private Career College

KLC College, a leading private career college, provides instructor-led training in high-demand employment areas. A dynamic group of professional instructors and staff help students achieve their academic and career training goals no matter what their current life situation.

With campuses located in Kingston, Richmond Hill, Smiths Falls and Whitby, KLC College provides training in the fields of Healthcare, Business and Education prides itself on its career oriented, practical programs; but equally important to a new career path are the interpersonal skills of the student. Employers demand superior job skills. However, they also expect excellence in attitude, dependability and enthusiasm. KLC College programs allow the student to demonstrate these qualities in all of their practical applications and classroom settings, with these skills being graded on a regular basis.

Reasons for You to Choose KLC College

Most full time programs include a work internship that allows the student maximum practical experience along with an opportunity to develop the many skills needed for a new career. These internships are mandatory for graduation.

Here are 12 Reasons why students are choosing KLC College for their career training whether it is their first career or their second career:

- serving Eastern and Central Ontario's training needs for over 25 years
- excellent employment rate
- internships are part of the curriculum for most programs
- location – centrally located close to public transit
- high exit standards which reflects positively on the graduate's knowledge base
- small classes
- individualized help when needed
- ongoing job search techniques and counseling even after graduation
- assistance preparing a professionally completed resume
- concentrated curriculum and schedule allows you to enter the workforce quicker
- constant upgrading of courses
- financial assistance may be available to those who qualify
